

NASPA Men and Masculinities Knowledge Community Awards Application

We are pleased to announce the second annual review process for recognizing and honoring colleagues and programs that have demonstrated innovation, exemplary service, commitment to our students, outstanding leadership, or exceptional research.

Please take a few moments to review all the awards, while considering your own campus colleagues, or perhaps someone from another campus that has impressed you with their outstanding program, leadership ability, or research. We will have the second annual award reception at the Annual Conference in Chicago and hope to see you there!

Any questions about the process should be directed to Steven Lerer at Steven.lerer@ucr.edu or 951-827-4264
