

AGAPSS Newsletter - February 2018

On behalf of the AGAPSS KC, Ryan and I would like to extend our sincere thanks for the leadership of Mimi Beck and Susan Gardner. We understand that this position is voluntary and sometimes thankless. You have moved our knowledge community forward and have been tremendous stewards of our resources. Mimi and Susan have both helped maintain a space where administrators that support graduate and professional students can feel understood and create a network of best practices. We are grateful for your support during our transition and look forward to your continued support.

With Gratitude,

Dana Bozeman, Co-Chair Elect

Ryan Kasmier, Co-Chair Elect
