### **NAGAP Survey . . .**

The Association for Graduate Enrollment Management (NAGAP) is a professional organization devoted exclusively to the concerns of individuals working in the graduate enrollment management environment. NAGAP's new Salary Survey is a national survey intended to provide comparative compensation data for anyone working in the field of graduate education. Please feel free to complete the survey here. All respondents will get a copy of the survey data report later this year and can also enter a drawing as an extra incentive.
