

### Certified Peer Educator Training

**Certified Peer Educator (CPE) training:** This 12 hour training is geared towards students and provides participants with transferable leadership skills to enhance their interpersonal relationships on their campus and in their community. This course can be conducted by a NASPA staff member on your campus, or by a staff member who has completed Train the Trainer. This training is accompanied with a student workbook, which is purchased separately.

**Train the Trainer:** This course is geared towards staff members or peer education advisors. After completing this course, participants will have the skills to conduct the CPE training for students on their campus. This course can be conducted by a NASPA staff member on your campus, or online with a self-paced course. The purchase of this full training includes 10 student workbooks and a facilitator guide. Additional trainers include a physical facilitator's guide ONLY.

All in person training costs include travel accommodations for your facilitator.
