

Trainings and Consulting through NASPA

Are you interested in bringing a BACCHUS Initiatives of NASPA staff member to your campus for a student or professional training/consulting? NASPA can help! Whether you are looking to hold a training for a newly-formed student organization or a retreat for your entire student affairs division, NASPA can provide a qualified trainer to meet your needs. In addition to our standard trainings, we can custom-build a program to meet your campus's needs. The chart below outlines the hourly fees charged for training and consulting on campuses. Whether you are looking for an RA in-service, a meeting with orientation leaders, or a professional-staff retreat, NASPA can find a way to help you meet your goals.

Note that the training and consulting prices are based on Institutional-Member status, and each are inclusive of all facilitator travel.

For more information on trainings/consulting, please email cpe@naspa.org.
