### Regional Advisory Board

#### 1. Business of the Region

Since the Summer Planning Meeting in June, the Executive Committee of the Regional Board continued to hold monthly conference calls to discuss regional goals, activities and plans. Our 4 regional goals continue to guide our work:

- Goal 1 Improve the quality of communication with members to keep them supported, informed and engaged with the NASPA community and its resources.
- Goal 2 Sponsor quality, on-going professional development opportunities to members to enhance their skills, knowledge and abilities as student affairs leaders.
- Goal 3 Increase the involvement of members at the regional level to ensure the growth of NASPA's vitality, value and excellence.
- Goal 4 Strengthen the internal operations of the NASPA IV-East Regional Board in order to meet the long-term, strategic goals of our region.

As a result, Region IV-East reports on the following regional business:

- NASPA IV-East held a highly successful regional conference in Columbus, Ohio on November 2<sup>nd</sup>-4<sup>th</sup> under the dedicated leadership of Kimberlie Goldsberry (Ohio Wesleyan University and Lance Kennedy-Phillips (University of Illinois Chicago) and their hard-working and talented conference committee.

- Membership Report – the region currently has 2311 members.
- The IV-East Knowledge Communities were quite active this year. They have held book discussions and a drive-in workshop, sponsored scholarships to two graduate students and one new professional to attend the regional conference, and gathered local NASPA members in Chicago for a “meet-up.”
- Although the region did not meet the NASPA Foundation goals (donors and funds) for the first #NASPAgives campaign last year, members are already giving to reach these goals for next year. Under the valuable leadership of the region’s Foundation Ambassadors, Katie Kramer (Dominican University) and Sidney Robert Charles (Bowling Green State University) are actively planning for future regional fundraising activities. Katie and Sidney will continue to articulate and define the benefits of the #NASPAgives campaign to our profession.
- The 2015 Region IV-East Conference will be held in the Chicagoland area on November 8<sup>th</sup>-10<sup>th</sup>. Danita Brown Young (University of Minnesota) and Keith O’Neill (William Rainey Harper College) have agreed to serve as the conference co-chairs. They are currently finalizing the hotel contract and assembling their conference committee.
- Plans continue to be developed for the 2016 Joint Regional Conference with IV-West to take place at the St. Louis Union Station Doubletree Hotel on November 14-16, 2016. Jim Hoppe (Macalester College) is serving as the IV-East conference co-chair. The conference co-chairs will soon begin to develop positions on the conference committee.
- Kimberlie Goldsberry, the Region IV-East Director-Elect has started to develop the membership of the regional board. She sent out an inquiry to current board members about their interest in remaining on the board as well as recruiting new volunteers to serve on the board.
- Peggy Burke and Kimberlie Goldsberry continue to meet to review the transition process of the regional director position in March, 2015. Peggy has reviewed board membership, national board responsibilities, the NASPA proposed strategic plan and the current needs of the region. Kimberlie and Peggy have talked about specific regional needs that will need attention when Kimberlie assumes her role; these include:
  - the need for a comprehensive communication plan
  - an analysis of the financial needs of the region
  - expansion of professional development opportunities.

## 2. Treasurer’s Report

Region IV-East continues to hold a very strong financial position. The 2013 IV-E Conference in Skokie, IL was highly successful and provided a net income to the region of \$26,506.85.

The funds earned from this conference allowed the region to provide a variety of professional development opportunities to our members in 2014. At our June meeting in Columbus, OH, the Executive Committee approved funding proposals from a variety of our knowledge communities including, a book club for our MultiRacial KC, 3 scholarships to attend the 2014 IV-E Conference in Columbus, OH to our New Professionals and Graduate Students KC and funding to support a Drive-In Conference in May 2015 in Chicago, IL for the Student Leadership Programs KC. The Executive Committee also approved funding for 4 research grants totaling \$4,000.00. It is the region's vision to continue using any revenue earned from the regional and drive-in conferences to support professional development opportunities. An update on the budget for the 2014 IV-E Conference in Columbus, OH will be provided in the next board report.
