The two candidates for the Region IV-West slate have been identified. They will be forwarded to the NASPA national board for approval. Both have had long terms with NASPA IV-West and are well respected in the region.

At the upcoming conference regional board meeting we plan to discuss possibly adjusting the process for selecting the Regional Director slate. Some regions use a committee to review applications and some adjusted model may be warranted rather than the RD solely making the decision, with past RD feedback and guidance.

Coordinator for Regional Finances – Brent Marsh

- The 2018 IV-West conference is tracking well with respect to registration and budget, and it appears the attendance and fiscal goals will be met. Near final conference registration figures include: \$69,860 received (335 attendees) through 10-24-18 in registration fees (\$96,550 was registration revenue goal, 74% received). Difference between budgeted goal and revenue collected should not be an issue due to fewer meals served and A/V savings. Women’s Words of Wisdom event yielded approx. \$800 with around 55 attendees. Thirteen people attended the pre-conference session yielding \$360 Pre-Con-13. Eleven individuals attended the Mid-Level Institute garnering \$3,650.

Corporate Sponsor Liaison

- Thanks to the efforts of Dr. Teresa Clouch, Corporate Sponsors Liaison, the region made good progress toward its financial goals with respect to corporate partner support of the conference and the Region’s operating budget. Some contributions are in-kind which help offset direct conference costs, while others are cash sponsorships at the various partnership levels offered by the Region. Total sponsorship commitments at this time equal \$21,000.

Foundation Ambassadors

- The IV-West Foundation Ambassadors, David Adams and Mary Alice Serafini, have promoted #NASPAgives contributions this fall by offering a limited supply of infused water bottles for

those who make a \$25 or more donation to the Foundation. David and Mary Alice have also developed a well-conceived communication plan for the 2018-2019 year which will consistently encourage giving through creative and engaging blog posts. Certain posts will be connected to important timeframes such as Giving Tuesday, calendar year-end, the national conference, and NASPA fiscal-year end.

NASPA Region IV-W Board positions now have at least one professional competency assigned to the position. Current board members carefully reviewed the competencies and selected the competency skill(s) most likely to be needed to fulfill that particular role. A small committee reviewed the assigned competencies to ensure accuracy. Each board job description will be posted with the related competencies. NASPA Region IV-W goal is to ask applicants to identify the skills needed to do that position and help our board members articulate how they have grown by being a board member.

Keegan Nichols partnered with the NASPA Region IV-W programs chairs to ensure the competencies are infused in each of the program sessions and the conference. In addition, Keegan hosts a monthly meeting with her board direct reports and discusses how they can use the competencies in their roles. Each of the board members is charged with finding at least one way to use the competencies this upcoming year.

Last, Keegan will write a couple of blogs and apply to present at NASPA Region IV-W and the National conferences. For the National Conference, Nichols proposed a session that will focus on how to tie the professional competencies to positions in your division and help your team write a professional development plan. For the Regional Conference, Nichols collaborated with the conference committee to tie competencies to each of the sessions. Additionally, Fort Hays State University will present how to use the professional competencies in graduate programs.

Recruiting/Filling KC Rep positions

- The second national appointment process training occurred in September. We are hopeful that the KC appointment process will be a bit smoother this year since we are in our second year. We

have reached out to the national chairs of the KCs where we have a vacancy requesting they post the opening on Volunteer Central prior to the regional conference so we can recruit and ideally fill those openings before December.

- We have 9 open spots left to fill and are hoping we can recruit during the KC Mini-Sessions and Trivia Night at the Regional Conference.

KC Rep Engagement

- We have created committees within the KC structure led by 2-3 veteran KC Reps
 - Trivia Night committee—Danielle Bristow, chair, Charles Keefer, LaDonna McCullough
 - KC Mini Presentations—Laura Atherton, chair; John Howe, Jenn McDannold
 - KC Professional Development (10-15 minutes on each monthly conference call)—Amy Sellers
- Those listed above were more than happy to volunteer to help and have done lots of small things to help us prepare for our summer meeting in Wichita. Each of them will have time to talk with the Reps during our KC Time in Wichita. They will educate the Reps what they need to do in preparation for the Fall Conference, timelines, and explain the work of their committee as well as recruit additional committee members.
- Monthly KC Rep Zoom conference calls are scheduled for the last Friday of each month. Our first call was Friday, May 25 at 11am to prepare them for our summer meeting in Wichita. Other meetings have been on Friday July 27, Friday August 24, Friday September 28, and Friday October 19, all from 11am-noon.
- KC Reps are brainstorming ways to further educate the Regional Membership regarding various KC activities by reaching out to members of their respective KCs in the region to see how the KC Reps can best serve them. Two current activities planned by KC Reps is the Women’s Words of Wisdom event at the regional conference sponsored by the WISA KC and KC Rep Abby Vollmer. Travis Tucker, the Gender and Sexuality KC Rep, started a mentoring program within the region of members that identify as LGBTQ. It was an initiative attempted by the national KC, but it didn’t work so Travis brought it to Region IV-West to get it started.

Professional Development & Events

Region IV-W Fall Conference: “Reflection Inspires Our Future” & Advisory Board Meeting

October 23-25, 2018 | Wichita Marriott, Wichita, KS

- Total of 335 attendees
 - 89 members of the Kansas Student Affairs Conference (KSAC) joined us
 - 194 first time attendees
 - 13 registered for pre-conference sessions
 - 11 attended the Mid-Level Institute (held regionally every other year)
 - 20 participated in NUFP
 - 16 participated in the SSAO program (to include AVPs and faculty)
- Keynote Speakers (all of whom agreed to be videoed and whose programs were shared on Facebook Live):
 - Local Elder Mark Brown for an Indigenous Peoples Prayer
 - Dr. Jim Rhatigan, Vice President emeritus, Wichita State University
 - Dr. Tim Alvarez, President, Otero Junior College

- Dr. Kathy Obear, Co-Founder of the Social Justice Training Institute, speaker, author
 - Dr. Mamta Accapadi, 2018 Pillar of the Profession, Vice President of Student Affairs at Rollins College
- Programs:
 - 30 traditional 45-minute programs
 - 7 15-minute SA Talks
 - 11 90-minute deep dives
 - 6 Knowledge Community mini sessions
- Conference Successes:
 - Bringing in therapy dogs was a HUGE hit. It is a reminder that our conference attendees have needs similar to our students.
 - Having a closing event with a meal helps retain attendees to the end-brunch on Thursday was a success!
 - The keynote speakers were well received and did a great job of communicating the overall aspects of the conference theme.
 - Partnering with KSAC was a success. We should continue to look for other opportunities for collaboration.
- Things to possibly change:
 - We need to provide meal tickets rather than just ask if people plan to attend specific meals in order to be appropriately prepared and hold people accountable to the information they've provided.
 - We need to 'tweak' the schedule... having Words of Wisdom prior to Trivia Night can cause a schedule issue if Words of Wisdom runs long.
 - Along with Words of Wisdom, we need to review the evening programming. Club NASPA/karaoke worked, but perhaps we could swap the night it occurs with the KC Trivia Night.
 - We likely do not need to provide a meal for the SSAO/AVP Institute. Perhaps this is an event that could be altered so it becomes a corporate sponsored event, rather than having an evening SSAO / AVP social.
